

# The international multi-stakeholder summit on combating desertification

edition 2026 - 1 to 4 avril 2026  
Djerba - Tunisia

## For drought-resilient territories: let's act from now on !

## Our ambitions

- Increasing the urgency and alertness to the acceleration of land degradation and the proximity of tipping points
- Build an advocacy, with a view to the 17th Conference of the Parties to the UNCCD in 2026, based on concrete and relevant solutions to meet the challenges linked to the combat against drought, and more particularly those that make it possible to better anticipate and prevent the risks of drought on ecosystems and populations
- Sharing experience and scientific knowledge on drought risk prevention and mitigation issues
- Raise awareness and seek to mobilise the general public around the issues of combating desertification and sustainable land management

# What is Desertif'actions?

Launched in 2006 by the Centre d'Actions et de Réalisations Internationales (CARI - France) and its partners, the Desertif'actions international summit enables the various stakeholders in desertification issues to engage in dialogue and collectively prepare for the institutional negotiation meetings of the UNCCD Conferences of the Parties.

## Our achievements for 2022

270 participants from 39 countries contributed to the International Civil Society Summit

+ More than 350 people from 17 countries took part in the national workshops

Production of 8 thematics fact sheets and 3 position papers

29 associations representatives from 13 countries took the D'a22 recommendations to COP15

# Dynamics of Desertif'actions 2026

Co-organisers

United Nations  
Convention to Combat  
Desertification

In partnership with

WWF  
North Africa
